## The Club at ArrowCreek Newsletter

### From our General Manager...

Dear Members –

As we begin the month of June, the activities begin in full swing in all areas of the Club especially on the golf courses. It's a new year for Wine & Nine and Couples Golf. In addition, we will have a Father's Day event along with a U.S. Open contest. All of these golf events as well as our daily tee times can now be reserved utilizing the new ForeTees technology. This easy to use technology is available via desktop or App on your smart phone.

In addition to golf centric activities, ForeTees can also be utilized to make dining reservations, Club event reservations, as well viewing newsletters, club notifications and hours of operations. You will be able to contact staff directly via email utilizing the App. If you prefer to call the club directly for tee times and/or reservations – that process will remain in place. As with anything "new", there will be a few opportunities along the way to correct any unintentional glitches.

Please note that both golf courses will be occupied on Friday, June 21 until 4pm. This owner approved event presented a terrific opportunity for the Club and we appreciate your understanding.

Tony Ciorciari (Member & Project Manager) and I are collectively developing a construction update communication that will follow in an independent email. We will also post this article on the Club's website under the Club Transformation tab. I am happy to discuss and answer any questions you may have prior to the publication. I look forward to seeing you at the Club on your next visit.

## ***Greetings from your Friendly, Neighborhood, Membership Director***

Oooh, Nevada! We love it and also curse it as we are all managing the up & down Spring weather as of late. I certainly believe our daily perspective will dictate what type of day we experience. Rainy? Today, I could be spending my holiday in Scotland! The home of GOLF! Windy? Well if I was in CABO, the wind would be welcome to keep me COOL! What about a day that includes rain, snow, wind, sleet, hail, and a little desert heat (all of 3 minutes)...well I'll just say I had the perfect NEVADA day! So what is your perspective on today's day? Carpe Diem.

# A Club Full Of Friends

That's how we distinguish The Club at ArrowCreek from the rest.  
But, what does that exactly mean?

Maybe it's our way of inspiring you to invite your neighbor, your best friend, or that lady you always see and smile at while shopping at Whole Foods (Reno's a small town). Perhaps it means meeting up with fellow members half way across the world in Portugal to play golf!

The Logan's, The Bailey's, The Heaven's and The Blanke's were all traveling Europe at the same time, when they decided to meet up in Portugal together! Sounds like they had an enjoyable time.

Thanks for sharing your photos with us!

## Course Update

Folks who've lived here for a while say there's nothing unusual about the weather we've experienced this spring, but it's the craziest I've seen in my 6 years here. The good news is that even with the windy, cooler temperatures and occasional snow, the soil temperatures, which are above 55 degrees, are perfect for growing turf. We all know the heat is coming...

We are putting a whole bunch of ryegrass/bluegrass seed on our thin and bare spots in fairways. So far we've gone through 6 tons of it, and will continue until these areas are lush once again. Our slicer/seeder is doing an excellent job for us. We will also push the growth of these areas with more and more fertilizer and acid treatments.

A quick note on our new bunker sand - This sand comes highly recommended and meets all USGA specs and standards. It will continue to be on the soft side, resulting in not the best of lies for the next few months while it 'settles in' with machine compaction and daily watering. The second season is always the best for high quality bunker sands.

# Weeden's Wisdom

## Improving Your Pace

Playing at a better pace is not about hurrying up or rushing around the course. It is simply about being more efficient with your valuable time, as well as everyone else's. Adopting this mindset - and not being afraid to share it with your fellow players - will ultimately add enjoyment to your golf experience.

June is Pace of Play Month at Golf Channel and you'll see plenty of on-air and online pieces throughout the month.

## Tips to Improve Pace of Play

1. **Plan your shot before you get to your ball:** Once you are off the tee, think ahead. Determine your yardage and make your club selection before it is your turn to play. Very often, you can do this while others are playing, without disruption. If you take your glove off between shots, have it back on before it is your turn to play. Even a small step like this saves time.
2. **Play Promptly:** Take 30 seconds, maximum, to hit your shot.
3. **Be quicker on the greens:** Be ready to go when it's your turn. You can read your putt, clean your ball, and fix ball marks while other people are putting. When it's your turn set up and hit, go mark your ball quickly and get out of the way for your playing partners. Leave your clubs in an easy spot, so you can pick them up on the way back to the cart!
4. **When sharing a cart, use a buddy system:** Don't wait in the cart while your cart mate hits and then drive to your ball. Get out and walk to your ball with a few clubs. Be ready to play when it is your turn and then let your cart mate pick you up. Or, drive to your ball after you drop your cart mate off and then pick him or her up after you hit.
5. **Accept Responsibility:** Recognize that slow play isn't just the other guy's fault.

Lets work together to improve pace of play!

# What's Cooking with Chef Kevin

It's almost summer thyme, well at least the calendar says so. Thank you to everyone that attended our Mother's Day brunch. It was our best yet and I hope everyone enjoyed themselves.

It may not be the most ideal thyme to stand outside in shorts and flip flops around the grill, but the thyme is coming.

One of my favorite dishes to prepare when you are craving the heat and sunshine, is our fresh Blue Moon Beer Battered Fish over a salad with Citrus Thyme Vinaigrette. Give it a try and let me know how you like it!

Seafood Display at Mother's Day Brunch

## Fish & Chips

**1– gallon neutral flavored oil for frying (canola, peanut, vegetable, avocado, safflower)**

**1 1/2 - pounds firm-fleshed whitefish (Tilapia, Pollock, Cod), cut into strips**

### BATTER:

**12oz. Blue Moon**

**1c. Flour**

**1T. Salt**

**1/2t. Baking soda**

**1T. Corn Starch**

**1T. Malt Vinegar**

## Citrus Thyme Vinaigrette

**2 Tablespoons Dijon**

**1/4 cup honey**

**1 Tablespoon fresh picked thyme**

**Zest from 1 limes/ 1/2 lemon/ 1/2 orange**

**3/4 cup orange juice**

**1/2 cup lime juice**

**1/2 cup lemon juice**

**1/4 tablespoon salt**

**1/4 teaspoon ground black pepper**

**Blended oil (3 parts canola, 1 part extra virgin olive oil) you can buy this pre-mixed**

Allow oil to reach 350 degrees. Lightly dredge fish strips in flour seasoned with a pinch of salt and pepper. Working in small batches, dip the fish into batter and immerse into hot oil. When the batter is set, turn the pieces of fish over and cook until golden brown, about 2 minutes. Drain the fish on the roasting rack. Serve with malt vinegar and lemon wedges

Combine everything except oil and blend with an immersion blender or food processor. Slowly add blended oil until salad dressing is viscous and ready for some salads!

Taste and season to your liking!

### **Wedding RSVP Etiquette for Guests and Helpful Tips**

As temperatures begin to warm, that means golf, and wedding, season are right around the corner. When attending a wedding, it's important to abide by standard etiquette. We all know it's important to RSVP by the due date, dress appropriately and show up to all events on time. But as times progress, so does wedding etiquette...Here are a few additional things to keep in mind the next time you attend someone's special day.

#### **Evites**

While sending out paper invitations is the traditional thing to do, the digital age has entered the wedding scene and more invitations are being sent out electronically. Wedding evites make the response process faster and are more economically and environmentally friendly. However, they can be out of the ordinary for the guests. It's easy to forget to RSVP online, and not all guests are tech-savvy. If you receive an evite, be sure to RSVP right away so you don't forget or write a note reminding yourself to RSVP when you know whether or not you can attend.

#### **Make Note of Dietary Restrictions**

In the past few years, dietary restrictions have become more common. Whether it's for health reasons, allergies or purely preference, vegan, vegetarian and gluten-free options have become the norm. If you fall into one of these categories, don't hesitate to make a note of that on your generally cater to guests' specific dietary needs and it is polite to relay that information beforehand so that the staff and Chef is aware in advance.

#### **Silence Your Electronics**

We know it's a given that cell phones should be silenced at weddings, don't forget about your other electronics. With all the wearable technology and new tech devices, it's easy to forget to turn everything off or leave the volume on. If you're wearing an Apple Watch or Fitbit, or even have a small tablet in your purse, be sure that absolutely everything is silenced. There's nothing worse than being the guest who has an alarm go off in the middle of the ceremony.

#### **Be Smart About Your Shoes**

Many brides and bridesmaids will often swap out their heels for flats after the ceremony. Be aware in advance where the ceremony is as well. If it's outside on grass, your favorite stilettos may not be the best choice for the evening. If you know you can't bear to wear your heels for too long, bring a pair of flats with you. You may even see a flip flop basket for guests to wear dancing.

Next time you receive a wedding invitation, consider these tips along with the standard rules. They may seem simple, but you may be surprised how often the little things can be forgotten!
