U.S. Kids Golf

Our mission for Junior Golf is to create a fun, positive learning environment so young golfers have an outlet to improve their golf skills through instruction, practice, and a variety of activities. Focus will be on the fundamentals of the game, both on the practice tee and the golf course. We are committed to Junior Golf and to bringing excitement to the kids and their overall enjoyment of the game!

Our golf instruction utilizes the popular US Kids Golf Program that lends itself to juniors reaching their full potential in the game. The US Kids Program motivates juniors to advance up through levels as they successfully earn achievement pins by demonstrating proficiency in required skills that include putting, chipping, pitching, full swing, rules & etiquette, scoring and sportsmanship. Our Gold and Blue family tees are placed year round on the Legend golf course allowing juniors to overcome the challenge of distance and experience more success at a quicker pace. This program is open to Members and Non-Members. Let's grow the game of golf!

About your Junior Golf Program Lead Instructor:

Josh is currently the Head Golf Professional at The Club at ArrowCreek and has 15 years of teaching and club fitting experience. He has worked with the beginning golfer all the way to web.com tour players. He is sponsored by TaylorMade-Adidas and is a PGA Apprentice. Josh's playing background includes Division 1 college golf, mini-tour experience, and PGA section events. He was a top five junior instructor in Colorado where he also coached a H.S. State Championship team. He worked with Trevino Golf Institute in Reno, NV with a focus on custom club fitting, club repair and Junior Golf Development.
