See you at the Club,

The Club

15100

Thank you to all our member volunteers!!

We certainly owe a lot to these members who have worked so hard to help the club look the best it can! The Ladies Golf and Garden Club members have been hard at work getting our flower beds in shape and planting flowers. It is looking awesome and we can't thank you enough for giving us that extra boost we needed. Thanks to Carolyn Dragics for quarterbacking this project. We are sure to be looking our best for all of our members and guests and especially for the upcoming Ladies Luau!

I would also like to thank Ed Blanke and Keith Banners for replacing the wood stairs over by the cart barn! They look great and we all appreciate the hard work that was spent on this project. Ed and Keith have also been hard at work with general handyman stuff including installing purse hooks under the bar for handbags.

So many members have helped out in so many different ways it would be impossible to list them all but we would definitely like to thank them all for their efforts. As I said we can't thank our member volunteers enough for their hard work and commitment to the club!

In addition to this, we have had some interior painting going on as well. We have repainted the Lobby, Terrace and Vista dining rooms. We have decided to change the color scheme a bit to give it a fresh new look and to coordinate with new carpet. A carpet has been selected and ordered and should begin to be installed sometime over the next 6-8 weeks.

I can't say it enough but all these good things including new mowers and irrigation heads are directly related to our membership growth! We continue to add new members and we definitely want to keep that momentum going so we can continue to make improvements to our Club! So even if you have not had a chance to help with some of these volunteer projects you can certainly help ensure their continuance by sponsoring your friends into membership at the Club!

*Thanks
for being
Members!*

Turf

What will June bring us. So far it's been a crazy El Nino weather year. On the positive side, our water bills are really low.

The cool, wet weather has helped us to look pretty good this Spring, but we know the hot days are coming, and with that, irrigation problem areas will rear their ugly heads. Replacement of all irrigation sprinkler heads for greens and immediate surround areas will be underway by mid-month. At the same time, our new green's mowers should be out there doing an amazing job of grooming our greens.

Our greens aren't perfect yet, but they will be. Right now, they're a little off-color due to treatments for poa seedheads and moss. We choose to not let the poa annua come in and dominate our greens, like some area courses do. Bentgrass greens are much better putting surfaces and require less to maintain. Our newly discovered greens spiker / seeder is in full use overseeding our greens with new and improved creeping bentgrass cultivars. Along with overseeding our greens, our top-notch fertilizing and spraying program will soon eliminate all poa and moss on our greens. And yes, they will still be fast, and perfect!

Cart traffic control entering and leaving fairways continues to be a challenge. We will be rocking some turn-arounds, like #12 Challenge, and blocking some entrances with large rocks. Alternating cart routes is the key, which involves constant movement of barriers and directional signs. Otherwise, we start getting wear patterns that lead to turf loss. Some spots we will just have to install cobblestones or DG.

Please treat our seeded areas in fairways and roughs as ground-under-repair, and take a free lift from them. And of course, try to avoid driving carts through them.

*Thanks for being members
it's going to be a
great season!*

Golf

As summer

approaches and warmer weather brings more Members out to enjoy our two beautiful courses, I'd like to cover some basics of golf etiquette and your responsibilities as a Member of The Club at ArrowCreek.

Prior to teeing off, I ask that Members who do not store their clubs please allow our outside service personnel to retrieve your clubs by pulling your car to the bag drop area. This allows the outside services staff to handle your golf bag while maintaining their assigned position. We will run into the parking lot to help you with your bag, but prefer if you will help us streamline the operation by bringing your car to us. This allows us to be better prepared to meet member needs.

Please use the trash receptacles on the course or leave the trash in the golf cart for disposal. This includes cigarette/cigar butts; please do not discard them on the golf course.

Fix one ball mark per green whether it is yours or not. The best players in the world average less than 14 greens per round. If we fix 18 ball marks, one on each green we will never have a ball mark issue at ArrowCreek.

When you arrive, always check in at the Golf Shop. Aside from wanting to greet you, we appreciate you letting us know whether you would like to practice or play. In case of an emergency we will know where you are.

Always check with the Golf Starter on the Driving Range prior to heading to either golf course. The Starter is the "Quarterback" of the days play. They will provide current information about the course and assure an even starting interval between groups.

Pace of play

is one of the major factors that determine the level of enjoyment golfers receive from playing golf. Although all members have a right to any tee time, an honest evaluation on one's pace of play should predetermine when a member reserves certain tee times. Members, along with club management, must work together to ensure an acceptable pace for everyone. Inexperienced players and golfers who prefer a slower pace are encouraged to play golf during periods when they will not impact faster or more experienced groups. Members who enjoy a slower pace should reserve tee times later in the mornings. Early morning groups are expected to complete their round well under the course time par of 4 hours and 15 minutes. Should this pace be uncomfortable, late morning or afternoon golf reservations will be recommended. Your group is considered out of position and behind pace if you have fallen behind your "tee time" pace. Or, you are not immediately behind the group ahead of you.

Pace of Play Tips

1. Keep an extra ball in your pocket at all times.
2. Allow faster groups to play through irrespective of the number of players in that group.
3. When riding, do not play "Siamese Golf." When appropriate, drop your cart partner at their ball and proceed to your ball. Waiting for them to play, then proceeding to your ball can waste a lot of time.
4. Bring extra clubs to your ball. You may change your strategy on how you would like to play your shot and this will save you from walking back to your cart.
5. Record your score on the next tee. Do not loiter around the green.
6. Prepare for your shots while others are playing theirs. Be ready when it is your turn to hit.

I know that pace of play can be a hot topic at many Clubs but with your help and understanding, we can work towards a common goal and continue to improve the Member experience for golfers of all levels and abilities.

Thank you!

A white golf ball with a dimpled texture is positioned on a silver tee marker. The ball and marker are set against a light blue background with a subtle gradient. The bottom of the image features a strip of green grass.
