Important Club Announcements

Dear Members,

The team and I are very grateful to you all for your continued support of the Club and participating in our Curbside To Go offerings. I am constantly impressed by the group of people I have the privilege of working along side (6 feet apart mind you), with their innovation, positive can-do approach to change, and willingness to adapt at a moments notice. In that spirit, we were able to “flip” our business model in less than 24 hours and continue executing a high level.

As required by Governor Sisolak, the Club will extend our amended club operations until at least April 18th and will continue to observe all of the protocols issued through our local, state and federal authorities to keep our Members and employees in a safe environment. We will continue to update the membership regularly as the circumstances are fluid in nature. What may be an acceptable practice today can change course in less than 24 hours.

In light of that, we have adjusted our Easter offering which is featured in the Food and Beverage section on page 8/9. Additionally, we are going ‘Virtual’ with a Cooking Class with Chef Kevin on 3/31.

During this process, I have been working on the transition of management companies from Century to Troon. Our goal is to make this process seamless with the membership and employees (associates). In the next week Troon will provide a communication to all of you outlining Member travel benefits with their vast networks of clubs. The dining privilege “Premier” will remain in place at ArrowCreek, however, it will become a localized benefit with a fresh new name.

Our construction of Phase I continues to move forward despite Mother Nature doing her best to slow down progress. We are all still focused on delivering you an opportunity to utilize new venues beginning in May. We are all aware that the timeline may be optimistic, however, we do not want to lose all of the momentum and not be prepared once freedom of movement and socialization are allowed back in our lives.

We look forward to seeing you curbside at the Club in the very near future.

Garry D. Cramer, General Manager

Greetings from your friendly, neighborhood Membership Director...

Our Spring weather continues to keep all of us guessing about its next move although it has shared with us more than a couple beautiful days so far especially for early-Spring golf! Then we've had a few sub-par, not great, certainly not terrible, kind of right in the middle - type of days and I encourage everyone to Carpe Diem.

As golfers, it is an eventuality to spend time thinking about a few pieces of our Golf Life we are ultimately unable to control even before making it to the golf course. We worry about weather conditions and preparing our clothing appropriately for change, managing our tee-time and other golfers, even making sure to do everything possible to get a decent rest the previous night. These are all things that if left unattended; may just throw us off our game before even making it to the 1st hole. As a golfer, it is important to minimize the effect of things out of your control to ensure you haven't 'thought' yourself out of the day's round before it has even begun.

Encourage yourself to be objective in regards to your game and work to emphasize a willingness to employ acceptance for these few things that we certainly have no option or hope to control. A round of golf is rife with up's & downs, high's & lows, even left's and right's! It is all about how our attitude is ready to accept a poor shot for what it ultimately is - an opportunity to be better and an opportunity to learn more about ourselves.

These same ideas are good for reflection during these very uncertain times. Please do not hesitate to let us know how we can help you if you need anything at all. We will all be anxiously awaiting a little more 'normal' and I certainly hope good news comes soon!

We are actively issuing Invitations for Membership with extended offer expiration dates should you think of anyone that you would like to Invite to ensure they're able to secure their roster spot at your Club.

Walsh Trujillo, Membership Director

Course Update

New Season

Spring is nearly upon us. We have recently seen a return to some cooler temperatures and snow accumulation. The weather has been a little unpredictable the last few weeks with high winds, snow, rain and also clear blue skies and fantastic golfing days. The frosts have still been ever present most mornings, but by midday it sure has been great weather for golf.

The spring is not far off now, and we will start to see the grasses begin to grow and turn green again. We will begin aerating greens, tees, fairways and all other areas in early April and we can officially kick start the golf season. We will apply fertilizers to all grassed areas, and we will begin to regularly irrigate the golf courses.

New Practice Facilities

The new practice areas are coming along nicely, with the greens maturing daily, the driving range changing shape before our eyes, the landscaped areas are filling up with plantings that are going to look great, and the water feature will sure be a sight to see for all the Members and Guests. The coming season will have multiple practice area options to utilize and enjoy.

I think when members are able to get back out on the new practice areas and utilize all facilities, you will see what amazing and unique facilities and activities you have at your disposal, that your friends will want to become Members also.

New Team

We are a short couple of weeks from seeing golf course maintenance staff return for the growing season. Golf maintenance will be upgrading some tired machinery to maintain and also advance the health and quality of all turfgrass areas and features. With the addition of new machinery, we can schedule further programs and practices to improve the golf courses and practice areas in the coming years.

We also will have a few new faces on our golf maintenance team to start the new season. Daniel Palin will be my right-hand man going forward, another Aussie in the agronomy team. Brian Eubanks will join the team as our Horticulturist, with an Arborist qualification Brian will oversee landscaping, gardens, trees and more around the new practice areas, pool house, clubhouse and other areas on the golf courses. Both Daniel and Brian have a passion for what they do, and we look forward to the results of their labors. Stay healthy everyone. We look forward to seeing everybody again. See you on the course.

Rob Williams, Director of Agronomy

Weeden's Wisdom

I know a number of you have had questions regarding the current limit of making tee times three days in advance. "Is this permanent or temporary?" "I don't understand why you need to do this?" "Why are tee times 15 minutes apart?"

This is a *temporary* measure in place for COVID-19. Every day we are receiving updates and recommended procedures from the USGA and PGA. We have 110 ArrowCreek carts in our fleet. Currently that's not enough carts for everyone to play as a single rider for 10 minute tee time intervals, and for our staff to properly clean and sanitize them before they go back out. We have adjusted to 15 minute tee time intervals to gauge how much cart usage we have. We are assessing daily the usage to see if we want to make any adjustments, 12 minutes, back to 10 minutes etc. That leads to the 3 day advanced tee times. The golf shop cannot adjust the times on the sheet when tee times are made. We need a clean sheet to make any adjustments. So any adjustments will be made at least 3 days in advance. We don't want to delete times that have been made 5-14 days in advance when we need to make adjustments. Remember this is only temporary during these times, so please be patient.

Other options we are considering: When Challenge opens from the snow melt we may have both courses open from 9-12, then 1 or 2 to 4pm. That will also give us the ability to manage carts and tee times.

To keep touching the pin to a minimum, we have removed pins and placed sand in the cups so the ball only goes in about an inch. We talked to the NNGA and we are posting scores to GHIN. If you are unsure of the score, you always post the most likely score you would get. Please be grateful we are allowed to play golf and remember to have fun!

From the Food & Beverage Team

Hello to our wonderful Members. As these days go by, we are doing everything in our power to continue providing exceptional service. The Food and Beverage team is dedicated to our Membership and ownership to keep The Club running on all cylinders. Even if we are only running a few of those cylinders. If you haven't had the opportunity to use our curbside pick-up make sure to try it soon. Those who have, we appreciate your feedback.

"You call in your order, set a pick-up time, drive up and bingo! Out comes your meal, nice and hot by the way."
 –one of our friendly Members.

REVISED TEMPORARY HOURS:

Tues-Sat: 11 a.m. - 8 p.m.
 Sunday: 11 a.m. - 4 p.m.
 Sat/Sun: Breakfast beginning at 8 a.m.

We are also providing our full bar options (including bottles of wine) to accommodate our wonderful meals being served. If you don't follow us on social media yet, go to our Facebook and 'LIKE' our page, or follow us on Instagram @theclubatarrowcreek to keep up with the most current menus/specials. We are also still providing fish specials every Friday through Lent!

With Easter around the corner we are making the best of what we can by providing an Easter To Go menu. You can have your Easter brunch at home with your loved ones enjoying exceptional Club food options. The Food and Beverage team has been keeping busy by deep cleaning and sanitizing EVERYTHING! The Club is looking exceptional inside and we are ready to fill it with laughter, smiles, and, most importantly, you in the coming future!

Wedding RSVP Etiquette for Guest & Helpful Tips

As temperatures begin to warm, that means golf, and wedding, seasons are right around the corner. When attending a wedding, it's important to abide by standard etiquette. We all know it's important to RSVP by the due date, dress appropriately and show up to all events on time. But as times progress, so does wedding etiquette. Here are a few additional things to keep in mind the next time you attend someone's special day.

Evites

While sending out paper invitations is the traditional thing to do, the digital age has entered the wedding scene and more invitations are being sent out electronically. Wedding evites make the response process faster and are more economically and environmentally friendly. However, they can be out of the ordinary for the guests. It's easy to forget to RSVP online, and not all guests are tech-savvy. If you receive an evite, be sure to RSVP right away so you don't forget or write a note reminding yourself to RSVP when you know whether or not you can attend.

Make Note of Dietary Restrictions

In the past few years, dietary restrictions have become more common. Whether it's for health reasons, allergies or purely preference, vegan, vegetarian and gluten-free options have become the norm. If you fall into one of these categories, don't hesitate to make a note of that on your RSVP even if there isn't space for you to do it. Wedding venues, such as ArrowCreek, will generally cater to guests' specific dietary needs and it is polite to relay that information beforehand so that the staff and Chef is aware in advance.

Silence Your Electronics

We know it's a given that cell phones should be silenced at weddings, don't forget about your other electronics. With all the wearable technology and new tech devices, it's easy to forget to turn everything off or leave the volume on. If you're wearing an Apple Watch or Fitbit, or even have a small tablet in your purse, be sure that absolutely everything is silenced. There's nothing worse than being the guest who has an alarm go off in the middle of the ceremony.

Next time you receive a wedding invitation, consider these tips along with the standard rules. They may seem simple, but you may be surprised how often the little things can be forgotten!

Do You Know...?

With the Club growing at such a high rate, our staff has had to grow with us! Ever wonder about who is cutting the grass, preparing your food or making sure your golf bag is ready to go? Join us each month as we spotlight a staff member who has gone above and beyond at their job ensuring that operations run smoothly for you to enjoy the Club!

Golf Staff - Gary Rowe

Position - Outside Services

Gary has been employed with the Club since September of 2019 and helps keep our outside services working smooth! Especially in these current times Gary and the rest of the OS staff are ensuring your carts are cleaned, sanitized and ready for you to play some social distancing golf.

Gary has been married to his beautiful wife for 41 years. They have two wonderful children and four grandchildren. In their free time Gary and his wife love to travel (when they're not on lockdown :)), play golf and hang out with their extended family.

Next time you see Gary grabbing your bag be sure to say hi and bump elbows!

Food & Beverage - Paula Routhier

Position - Server/Bartender

Paula has lived in Reno for 42 years. She moved here from San Jose as a senior in high school. After graduation she dabbled at UNR for 2 years and then went to work for AT&T as a long-distance operator for 10 years. During that time period she met her husband (now married for 35 years!) and started a family. They have 3 daughters, one son, and recently, four grandchildren all living in Reno. Paula has worked at The Club for almost 16 years. She enjoys her co-workers and so many of our Members have made her time here feel like a second home. Paula is grateful how her time here at ArrowCreek has enhanced her life and her family's lives with so much extra fun!
