Club Announcements

Garry Cramer- General Manager

As we transition to the Fall and Winter, the opportunities for Pool Deck dining are greatly affected by the temperature, wind and inclement weather. Thankfully, the wind panels installed this month along with the large heaters will extend that season. In addition, our Grab and Go will be open in conjunction with the golf course. In the event Pool Deck Dining reservations for dinner service are less than 25 guests, we will provide space for those Members in Redfield's or the Terrace and suspend dining on the Pool Deck for that day.

As many are aware, outdoor dining has been a great benefit and addition to Club operations this Summer and early Fall. It is considered a safer environment during the Covid-19 pandemic we all continue to battle daily by doing the right thing. To that end, we have had our HVAC (Heating, Ventilation and Air Conditioning) company perform preventative maintenance of the Clubhouse systems to include premium filters designed to minimize unwanted particles. Additionally, Bio Sealed will once again sanitize the entire facility on Monday, November 2nd. We ask that you continue to support the protocols in place regarding wearing a mask indoors, maintain 6-foot social distancing, and do not gather in groups greater than 6 during indoor dining through the colder months. Over the next few weeks, our curbside dining opportunities will be expanding to provide additional options to support our Club Members.

Beginning in November, we will send along another electronic Member survey to gather your feedback on our progress as well as opportunities for continued improvement. Thank you greatly for participating with the new Logo Launch events. We are continuing to develop additional marketing and communication forums to include a new website launch in April. Additionally, as the Clubhouse expansion moves forward, there will be a "Name the New Venue" contest, as each new space will need a new name. In closing, the team and I continue to be grateful for all of your support, feedback and utilization of The Club at ArrowCreek.

Next week we'll be launching a "Show Your Club Pride" contest across The Club's Facebook & Instagram pages. MEMBERSHIP

Walsh Trujillo, Membership Director

Greetings from your friendly, neighborhood, Membership Director...

Welcome to The Club. #ClubVibes

I wanted to share with everyone The Club's new Invitation – along with our exceptional Membership Roster, these two components form the proverbial DNA and backbone of your Club today. We are thoroughly proud of the way our Members support their Club through issuing Invitations to those they most want to join them in membership. I personally feel it has been, and continues to be, an unbelievable opportunity to witness The Club's progression over the last decade. More often these days I am caught up sharing with people the immense pride our Members have in their Club and the continuation of organic camaraderie amongst Members every day. This fact is something every Member should be proud of – I believe it has been a focal point from day one and The Club at ArrowCreek is an apt representation of the traditional definition of a Club provided to us by St. Andrews:

"A club is a haven of refuge and accord in a world torn by strife and discord. A club is a place where kindred spirits gather to have and make friends. A club is a place of courtesy, good breeding and good manners. A club is a place expressly for camaraderie merriment, good will, and good cheer. It humbles the mighty, draws out the timid, and casts out the sorehead. And a club is one of the noblest inventions of mankind."

All of us at The Club continue to work hard to make our tomorrows are better than our yesterdays - for The Club and every current and future member.

Thank you for being a Member! See you all at The Club soon.

GOLF COURSE UPDATES

Rob Williams, Director of Agronomy

The Cold Wind Blows:

We are nearing the end of the warm weather, and the active golfing season. Temperatures are dropping and are very close to frosting up the grassed areas of the golf courses and the practice facilities. All practice areas have been aerated now and are healing up before the cold slows down the growth of all vegetation of the facilities.

The golf course greens aeration went well, and the green's speeds have returned to pre-aeration condition. We took an aggressive approach to the health of the greens this Fall, as the greens have accumulated a lot of thatch and were struggling greatly to drain excess water away from the surface. In a long list of projects, thatch removal and the ongoing improvement to the health of the greens is the highest priority we have working on the golf courses.

The main project going on currently is our irrigation and drainage project on both courses. All new irrigation satellite boxes are being installed which contain the latest technology the industry has to offer. We are replacing some of the hardware of the irrigation lines to gain greater control of the system and also make any needed repairs. New valves, sprinklers, drainage, and irrigation clocks are also all being installed.

It has been a busy season this year and we look forward to seeing you on the course soon!

Winter season is approaching! Please note the new hours of operation for the Golf Shop and Golf Facilities. Also, remember that we will have frost delays periodically. When that happens, a notice will be sent out through ForeTees and the starting times moved back to reflect the delay.

If you have a starting time on a course that has to close due to weather, unfortunately you will lose that starting time. You will be responsible for acquiring another starting time on the open course.

CREDIT BOOK- Just a reminder that credit book (Tournament Winnings) must be spent by December 31st of this year. Come check out our new merch with our new logo!

The handicap hole allocations for the Men's and Ladies tees for both courses have changed as of October 15th. This comes as a result from the Northern Nevada Golf Association re-rating that occurred earlier this Spring and utilizes the new Triads concept from the USGA World Handicap System. Although, we immediately changed the ratings and slope from the Spring re-rating, we decided to wait until Fall to change the hole allocations. The new scorecards & Golf Genius have been adjusted.

FOOD AND BEVERAGE

Monica Lara-Yanez, Food and Beverage Director
Kevin Cloutier, Executive Chef

As the warm weather ends, I hope that all of our Members and their guests have enjoyed this very exciting and eventful Spring/Summer season. There were many of "firsts" these past months. We created a curbside operation during the shutdown which enabled our Food & Beverage team to continue serving all of our Members. Virtual cooking and wine classes were a lot of fun. We accelerated into Summer, opened up our beautiful Pool Deck and dining, and began utilizing our Event Pavilion for the most memorable of events.

Having tried many concepts for operations we gradually improved and created a very versatile and enjoyable experience for all. We began implementing daily and weekly specials to which, we hope, everyone has had a chance to enjoy. We found what offerings are most popular and continue to bring them back for you to enjoy. One of those items is definitely our Chilean Seabass. Any way our seabass is prepared, all of our Members rave about how good, delectable, and delicious it is. One of our preparations is pan seared with a Veracruz sauce. This is so easy to make at home and, you too, can look like a pro! This can simply be a pan sauce that you make after cooking the seabass or make ahead to create one less step while preparing dinner. Served over a simple wild rice pilaf is guaranteed to please your guests.

Chilean Seabass- Veracruz Sauce

Sauté onion and garlic until the onion turn translucent. Add white wine and reduce by half. Add remaining ingredients and simmer for 10 minutes. Check seasoning, adjust, and remove cinnamon stick. (To make a rich and more viscous sauce whisk in 2 Tablespoons of butter at the end.)

DINING AT THE CLUB

For dining at the Club we ask you to make a reservation on ForeTees or by calling 775-840-4471.

Please ensure children are seated with at the table at all times. This ensures their safety and that all members enjoy their dining experience.

Additional Fitness Classes Coming Soon!

I am so excited to introduce a range of fitness classes and activities for the members to enjoy at the club! We will be able to get started even before the fitness center is complete, by going outside. Then we will continue to expand our programming once the physical building is available. We will have one-on-one training and group fitness options. I am an ACE certified personal trainer and ACE group fitness instructor. In addition, I have specialized in a wide range of other certifications, such as: NETA Barre Fusion, NETA Yoga Foundations, Silver Sneakers Yoga, Silver Sneakers Senior Fitness, and AEA Water Exercise. I have attended conferences and classes to specialize in TRX training, cycling, and HIIT/Bootcamp. I also have a diploma from Studio L2 Pilates in Minnesota, where I was classically trained as a Pilates instructor for private lessons and group classes.

My Bachelor's is in exercise science, so I am very serious about this fitness stuff! I hope to see you in some classes or training, whether you are looking to be more active to improve your golf game, to improve your quality of life through balance, strength, and flexibility, or to just have fun exercising in a welcoming community!

My goal is to bring something for everyone to be able to enjoy. If you have any questions or requests, let me know. Contact me at Victoria.Keogan@theclubac.com.
